The performance data does not take into account the commissions and costs incurred on the issue and redemption of units. The annual investment management charge and other charges are generally deducted from income, although a portion may be deducted from capital of the trust. Where charges are deducted from capital, the potential for capital growth will be reduced. If the currency in which the past performance is displayed differs from the currency of the country in which you reside, then you should be aware that due to exchange rate fluctuations the performance shown may increase or decrease if converted into your local currency.
